Raleway
Multiple Designers
SIL Open Font License, 1.1

Raleway is an elegant sans-serif typeface family. Initially designed by Matt McInerney as a single thin weight, it was expanded into a 9 weight family by Pablo Impallari and Rodrigo Fuenzalida in 2012 and iKerned by Igino Marini.

It is a display face and the download features both old style and lining numerals, standard and discretionary ligatures, a pretty complete set of diacritics, as well as a stylistic alternate inspired by more geometric sans-serif typefaces than its neo-grotesque inspired default character set.

It also has a sister family, Raleway Dots.

Documentation can be found at www.theleagueofmoveabletype.com and www.impallari.com. To contribute to the project contact Matt McInerney or Pablo Impallari.

One morning, when Gregor Samsa woke from troubled dreams, he found himself transformed in his bed into a horrible vermin. He lay on his armour-like back, and if he lifted his head a little he could see his brown belly, slightly domed and divided by arches into stiff sections. The bedding was hardly able to cover it and seemed ready to slide off any moment. His many legs, pitifully thin compared with the size of the rest of him, waved about helplessly as he looked.
